

DESIGN GUIDELINE OPEN HOUSE

On behalf of the Township of Puslinch, the County of Wellington has developed draft design guidelines to be applied to commercial, industrial and institutional development in Puslinch. The Township and County have participated in sessions with community representatives about priorities for the design guidelines, including the Brock Road and Highway 6 streetscape, site and building design, and protection of the unique character of Puslinch.

Please join us!

We invite you to participate in an open house to learn more about the draft design guidelines and provide your input.
